Miscellaneous R-S

1914-15

May 6th, 1915

Mrs. E. W. Rowland,

Greenbank, Ont.

Dear Mrs. Rowland:

I am handing your letter to Mrs. Falconer who will answer it immediately.

Yours sincerely,

President.

January 25th, 1915

A. R. Raymer, Esq.,

Assistant Chief Engineer,

Pittsburgh and Lake Erie Railroad Company.

Dear Mr. Raymer:

I shall be very glad to hear from any graduate of the University who has any suggestion to make with regard to the filling of the vacant Deanship in the Faculty of Applied Science. These opinions, however, I think should be sent to me privately and not as the collective judgment of a body of graduates. I am always pleased to hear from any old students, and to consider the opinion in the most careful way possible. Naturally the final decision must rest with me, as if any mistake is made I shall have to bear the responsibility, but I wish to get as full information as I can before coming to a decision, and that decision must depend upon my judgment as to the capability of the man chosen to fit into a rather complicated situation.

With kind regards, I am,

Yours sincerely,

President.

August 20th, 1914.

A. J. Reading Esq.,

Niagara Falls Ont.

Dear Sir:

I beg to acknowledge, on behalf of the President, who is absent in England, your favour of August 18th, with reference to the possibility of a position in the University. I shall bring it to his attention on his return and no doubt you will hear from him.

Yours very truly,

Registrar

A. J. Reading, Esq.,

Niagara Falls, Ont.

Dear Mr. Reading:

As far as I am aware there is no likelihood of any change taking place in the department of Photography which is under Professor Anderson's direction. I will, however, send your letter to him so that if he knows of anything in which he could use your services he may be able to correspond with you on the matter.

Yours sincerely,

President.

December 8th, 1914

Mr. G. E. Reaman,

148 I. Albert Street,

Kingston.

Dear Mr. Reaman:

I have gone through your letter carefully and I regret that you have been so disappointed owing to such a short falling off in the required number of marks. I do not see, however, what I can do to help you in the situation. The recommendation for raising marks lies with the committee who acts on the advice of the department concerned. I should suppose that your best course is to appeal to those who taught you in Victoria College and get them, if possible, to modify the recommendation of the department concerned. I have no power to act in the matter. I hope, however, that you will be able to get some sort of work that will give you full scope for your training.

With kind regards, I am,

Yours sincerely,

President.

December 8th, 1914

H. E. Redman, Esq.,

Dominion Bank Building, Toronto.

Dear Mr. Redman:

I have consulted with the Secretary of the Faculty of Applied Science about the case of your son, Mr. W. B. Redman. There have been a number of similar applications all of which will be dealt with in the same way. The instruction of the Senate is to show the utmost possible consideration to all students who through their patriotic service at this time are losing their academic advantages. However, each case has to be considered on its own merits and a student whose record has been good will undoubtedly get the utmost consideration that we can give. It is our rule, however, to defer these matters until the spring when the general results of the term will have been made up. At that time a view of the students' whole work and any work done during the present term will be taken into account. I hope then that you will find that your son will be dealt with generously.

I congratulate you on his willingness to go to the front, and I hope that he will return after having faced his duty well.

With kind regards, I am,

Yours sincerely,

President.

April 10th, 1915

John H. Reid, Esq.,

R.R.1,

Kincardine, Ont.

Dear Mr. Reid:

It is very difficult for me to know what sources I might refer you to for information with regard to your debate. If you will write to

I am confident that the Secretary will give you all the literature that they have bearing upon the subject. I am sorry that I am not well enough informed to explain to you Mr. Carnegie's idea of settling disputes by arbitration.

Yours sincerely,

President.

M. R. Rutherford, Esq.,

"The Globe",

Toronto.

Dear Mr. Rutherford:

I am returning to you the copy of my address on "Bismarck's Policies". I have no doubt that it was a very accurate account of what I said, but that makes me the more ashamed of what I did say. Until one reads a verbatim report one does not understand how slovenly one's language can be.

I am,

Yours sincerely,

President.

If you will come to the University on Monday morning at about ten minutes to eleven to the north door of the Examination Hall behind Convocation Hall you will be able to get in and come with the Faculty to the platform. Dear Mr. Schwartz:

I am sorry that it is impossible for me to subscribe to the Richard Power Centennial fund. My income taxes are very much in arrears and my creditors keep busy.

With best regards, I am,

Yours sincerely,

Mr. President :-

I took my first year University work at my home Collegiate. On entering the University in 1897, desiring to take the Honor Course, I took both the General and Honor Course on the advice of the Registrar. In my third year as I was successful in both courses in the second year, took just the Honor Course and completed my fourth year in the Honor Course in 1904.

I wish to present to the Department of Education my claims upon unprofessional standing in my honor department. As a first step I must obtain the University's certificate that I have a degree in that department.

The first of October I petitioned the Council to look on my degree as an Honor degree

but I understand it has not come before the Council.

I most earnestly beg that the Council consider my decree and Honor me, so that I may proceed with my course.

Respectfully Yours.

Laura E. Horne

née Laura E. Scott.

Mr. J. Murray Somerville,

Somerville, Ont.

Dear Mr. Somerville:

I am sorry that your lack of qualifications and engagements have caused you to do unsatisfactory work in the first year. The results are not serious, and of course we do not suppose you will [illegible] but in any case if you should not pass the work of the year it would be a great surprise, even if we could rate the exception, which is quite impossible, we have you go into the second year until you have completed the work of the first year. It would almost certainly mean disaster in the second year. I should advise you to repeat your year for your own sake should the results prove to be quite unsatisfactory. Till we a hystery, I am,

Yours sincerely,

Registrar.
